## Subject and Author

Adolescent Sexuality: Four Questions Girls Should Ask Themselves . . . . .	9:108
Adriamycin Affects the Heart, How—Gordon A. Ewy . . . . .	1:54s
Air Force Medicine, Facts and Figures on . . . . .	3:34
Airway Disease, Screening Tests for Small—James L. Mohler . . . . .	7:69
Ambulatory Child With a Cardiac Murmur, The—Catherine A. Neill and Lulu M. Haroutunian . . . . .	5:37s
Anesthesia, What You Should Know About Obesity and—Robert W. Vaughan . . . . .	11:64
Anesthesia for Labor and Vaginal Delivery, A Guide to—Francis M. James, III . . . . .	4:89
Ankylosing Spondylitis—John J. Calabro . . . . .	8:72
Antibiotic for the Critically Ill Patient, How to Select the Best—R. Timothy Coussons . . . . .	1:59
Anturane Prevents Second Heart Attacks, Four-Year Study Confirms—Anne Mattarella . . . . .	5:71s
Arrhythmias, Ambulatory Management of Ventricular—Joel Morganroth . . . . .	6:28s
Arrhythmias, Recognition and Management of Supraventricular—Christopher R. C. Wyndham . . . . .	6:43s
Arrhythmias, The Management of—Leonard S. Dreifus and Eric L. Michelson . . . . .	6:7s
Arrhythmias, The Management of Life-Threatening—Jeremy N. Ruskin . . . . .	6:11s
Atherosclerosis, High Density Lipoproteins and—Scott M. Grundy . . . . .	2:3s
Back School—Teaching Patients to Love Their Backs—Don Grimes, David Bennion, Kenneth Blush and Mary Ellen Duncan . . . . .	5:60
Blood Pressure Affects Your Risk of Dying, How Your . . . . .	1:78s
Bassini Hernia Repair: A Medical Milestone, The—George A. Degenshein . . . . .	9:98
Biofeedback, Clinical Application of—Richard A. Levy . . . . .	9:64
Blood Banking, What You Should Know About—Thomas J. Degnan . . . . .	12:35
Brain Tumors in Childhood—Sherman C. Stein . . . . .	11:34
Breast Cancer, Systemic Therapy as an Adjuvant to the Primary Treatment of—Lowell E. Schnipper and Alan A. Lewin . . . . .	3:11s
Bypass Relieve Pain and Prolong Life?, To What Extent Does—J. Willis Hurst and Spencer B. King III . . . . .	5:3s
Cardiac Disease, The Worst—William C. Roberts and Jeffery M. Isner . . . . .	4:48s
Cardiomyopathies—Donald O. Nutter . . . . .	3:59s
Cerebral Palsy, Controlling Congenital and Acquired . . . . .	2:116
Cocaine Deaths On the Rise . . . . .	9:100
Comatose Patient, Evaluating the—Edward L. Hogan and Ludwig G. Kempe . . . . .	8:40
Coumarin Necrosis of the Skin—Norman A. Desbiens and Robert H. Hachney . . . . .	9:75
Curriculum Vitae Vital, Make Your—Cyril T. M. Cameron . . . . .	6:39
Decision Trees in Clinical Practice, How to Use—Part I—Frank Holden and Duncan Neuhauser . . . . .	5:37
Decision Trees in Clinical Practice: Answers to Six Vital Questions—Part 2—Duncan Neuhauser and Frank Holden . . . . .	6:49
Decision Trees in Clinical Practice: Evaluating a Lab Test—Part 3—M. J. Benfari, D. Ransohoff and D. Neuhauser . . . . .	12:64

Defibrillation: How to 'First Do No Harm'—Willis Arnold Tacker, Jr. . . . .	3:80s
Deliver Outside the Hospital, When a Woman Wants to—Jared H. Goldstein and Robert S. Meier . . . . .	9:49
Depression, Update on—Eric Peselow and Samuel Gershon . . . . .	11:82
Depression? Why Do More Women than Men Suffer from—Myrna M. Weissman . . . . .	5:44
Diabetes: Pathogenesis and Treatment, Insulin Resistance in—Gerald M. Reaven . . . . .	2:39
Drugs When You Prescribe for a Recovering Alcoholic, Beware of These—Jon Rubinstein . . . . .	3:62
Ear, The Painful—Margaret M. Fletcher . . . . .	7:45
Eisenmenger Complex—Differences in Denver and Baltimore, The—S. Gilbert Blount . . . . .	5:19s
Exercise Programs for Cardiac Patients, Benefits and Risks of—V. F. Froelicher . . . . .	4:37s
Exercise Testing in Coronary Heart Disease, The Role of—V. F. Froelicher . . . . .	4:27s
FMGS: An Endangered Species—Joaquin Fuentes . . . . .	7:101
Familial Hypercholesterolemia, Grand Rounds from Rutgers—Hadley L. Conn, Jr. . . . .	8:6s
Fatigue and Geriatric Sexual Responses—Gideon J. Salzberger . . . . .	7:59
Female Athlete, The—Letha Yurko Hunter . . . . .	6:68
Fever in Childhood: A Hot Subject—J. S. Surpure . . . . .	12:72
'Frozen Shoulder,' Mobilizing a—Frederick Lee Liebold . . . . .	8:64
Grandmother? What Can You Do for—Alex Comfort . . . . .	9:89
Hand Anatomy Course, Do-It-Yourself—Michael Scheffan and Michael Kalisman . . . . .	6:44
Heart Surgery, Care of the Patient Following—Dan G. McNamara . . . . .	3:37s
Hematologic Malignancies, Infectious Complications of—James E. Pennington . . . . .	4:43
Hepatitis, The Role of Immune Complexes in—David J. Gocke, M.D. . . . .	2:34
HEW, The Power of . . . . .	8:15
Hyperalimentation, Subclavian Intravenous Catheterization for—Mokhtar Asaadi and Murray H. Seltzer . . . . .	8:53
Hypertension Can Be Forecast in Infants One Month Old, Future . . . . .	5:27s
Hypertension in the Elderly—Thomas W. Sheehy . . . . .	9:3s
IgE Screening for Allergy—Donald J. Nalebuff and Richard G. Fadal . . . . .	6:61
Lab Values, A Quick Reference to Normal—Rex B. Conn . . . . .	7:39
Lumbar Puncture in the Neonate—Dennis C. Stevens, James H. Jose and Richard L. Schreiner . . . . .	9:34
Lymphomas, Cutaneous T Cell—Albert S. Braverman . . . . .	4:70
Medical Benefits from the Space Program—Part III—Harold Sandler . . . . .	5:44s
Medical Benefits from the Space Program: Part IV—Harold Sandler . . . . .	6:86
Metropilasty for the Septate Uterus and Reproductive Failure—Sanford M. Rosenberg . . . . .	12:53
Migraine Headaches, Muscle Relaxation Eases . . . . .	9:33
Molecular Dissection of a Tumor Virus—Michael Shodell . . . . .	3:68
Myocardial Disease in Cats and Man: A Striking Similarity—Lawrence P. Tilley and Si-Kwang Liu . . . . .	4:69s
Nasal Hemorrhage—Margaret M. Fletcher and W. Julius Fisher . . . . .	5:86

Near-Drowning—Robert S. Dobrin . . . . .	8:33
Nervous Patient with Physical Symptoms, The—Daniel S. P. Schubert . . . . .	8:70
Neurological Complications of the Pill, The—Hanna Costa Damasio . . . . .	12:30
Nifedipine for Coronary Artery Spasm, Clinical Experience with—David L. Pearle . . . . .	4:57s
Obesity, An Update on the Treatment of—George Steiner . . . . .	4:109
Oliguric Patient, The—Solomon Papper . . . . .	1:87
Oral Mucosal Diseases, Common—Gerald Shklar . . . . .	9:37
Pacemakers, Legal Aspects of Cardiac Pacemakers . . . . .	9:42s
Pediatric Flow Record, A Practical—John S. Downing . . . . .	4:52
Pericarditis—Paul H. Robinson . . . . .	2:39s
Persistent Fetal Circulation—Dennis C. Stevens, Paul T. Werner and Richard L. Schreiner . . . . .	5:75
Private Practice Pointers: Patient Complaints About Doctors: What You Can Learn—Carole W. Soskis . . . . .	6:83
Product-by-Product PPIs: Not in the Public Interest! . . . . .	3:33s
Prostaglandins in Blood Pressure Regulation, The Role of—Rainer Düsing and James B. Lee . . . . .	5:99
Psoriasis, The True Heartbreaks—E. Dorinda Shelley . . . . .	11:49
Psychiatry and Medicine: Partners in Primary Care—Don R. Lipsitt . . . . .	4:99
Psychological Problems of Physically Handicapped Children—Martin V. Hart . . . . .	6:96
Quinidine-Induced Arrhythmias—David E. Pittman . . . . .	5:59s
Radiology Quiz: Can You Diagnose This Case?—Robert L. Duboisson, A. James Gerlock, Victor Goncharenko and John Molin . . . . .	1:22
Red-I Compensator Works, How the—John W. Vester and Richard S. Newrock . . . . .	9:76
Rehabilitation: Chronic Obstructive Lung Disease, Howard Rusk on . . . . .	3:55
Respiratory Failure, Strategies of Care in Acute—Gennaro M. Tisi . . . . .	3:39
Reye's Syndrome—1980—Robert S. Dobrin . . . . .	3:79
Rural Practice, The Joys of—Michael LaCombe . . . . .	5:12s
Sarcoma Botryoides of the Vagina and Cervix—Kitai Kim and Mohamed A. F. El Shafie . . . . .	2:67
Sculpt Faces to Aid in Body Identification, They . . . . .	5:116
Shock and Respiratory Failure, Assessment of Oxygen Transport in the Patient with—Richard J. Martin and Barry A. Gray . . . . .	1:3s
Shock and Lyndon Johnson, Of—W. Proctor Harvey . . . . .	5:74s
Shock—How to Recognize Its Early Stages and What to Do About It—D. Robert McCaffree . . . . .	1:27
Shock, Cardiogenic—Charles E. Rackley, Richard O. Russell, Jr., John A. Mantle and William J. Rogers . . . . .	1:35
Shock, Medical Management of: Drugs of Choice and Their Action—Thomas L. Whitsett . . . . .	1:73
Shock, Respiratory Distress Subsequent to—D. Robert McCaffree and Robert M. Rogers . . . . .	1:95
Shock, Septic—John A. Mohr and R. Timothy Coussons . . . . .	1:49
Shock, The Syndrome of—Robert M. Rogers . . . . .	1:25
Sick Sinus Syndrome, The—Paul F. Walter . . . . .	3:91s
Sickle Cell Patients, Blood Transfusions can Reduce CNS Disorders in . . . . .	9:26
SPRINT: A Psychiatric Contingency Response Team in Action—CDR Thomas G. Carlton . . . . .	1:118
Suicide and Self-Poisoning in Pediatrics—	

Matilda S. McIntire, Carol R. Angle and Marilyn L. Schliet . . . . .	2:72	Fletcher, Margaret M.—The Painful Ear . . . . .	7:45	Mohler, James L.—Screening Tests for Small Airway Disease . . . . .	7:69
Surgeons on Trial—Ann Ledakowich . . . . .	5:70	Fletcher, Margaret M. and Fisher, W. Julius—Nasal Hemorrhage . . . . .	5:86	Mohr, John A. and Cousson, R. Timothy—Septic Shock . . . . .	1:49

#### Ninth Annual Board Review Issue

The Specialty Boards and the Public—Alfred Jay Bollet	10:11
Suggestions on Preparing for Written Exams—Betty Rider-Gordon and Sumter M. Carmichael	10:13
10 Steps to Better Scores on Patient Management Problems—James A. Bobula and Stephen H. Gehlbach	10:15
How I Failed—and Passed—My Pediatric Oral Boards—Henry S. Berman	10:19
What the FLEX Exam is Like—V. Bhushan Bhardwaj	10:43
Patient Management Problems in Internal Medicine	10:24s
A Guide to Preparing for the Family Practice Boards—Warren A. Heffron	10:49s
Strategies for Taking the Internal Medicine Boards—Barry B. Lowitz	10:55s
Can You Read These CAT Scans?—Daniel T. Scullin	10:66
To Help You Pass the ENT Boards—Rafael Tarnopolsky	10:71
What the Plastic Surgery Boards Are Like—Jack C. Fisher	10:83
Why So Many Fail the Psychiatry Orals—John Ingram Walker	10:102
How I Studied for the Psychiatry Boards—Gary Peterson	10:105
25 Opinions on the Psychiatry Boards—Robert Stolberg-Acosta and William R. Dubin	10:109
An Examiner's View of the Psychiatry Boards—Satish C. Varma	10:115
Cardiology Review	10:23
Dermatology Review	10:23s
Hematology Review	10:37s
Neurology Review	10:80
Ophthalmology Review	10:76
Pathology Review	10:89
Radiology Review	10:49

#### Editor's Rounds

Warren Hardig's Death From "Acute Indigestion"—Alfred Jay Bollet	1:11
The Discovery of Insulin: Success Has Its Problems—Alfred Jay Bollet	2:31
A Debt of Life Repaid—Alfred Jay Bollet	3:33
Young Turks, Old Turks, and Ottoman Turks—Alfred Jay Bollet	4:37
Beriberi: A Disease of Technological Progress—Alfred Jay Bollet	5:27
Malaria—Chills and Crises—Alfred Jay Bollet	6:31
Twisted Spines and Child Straighteners—Alfred Jay Bollet	7:31
Syphilis—Or The French Disease—Alfred Jay Bollet	8:29
Syphilis—Or The French Disease—II—Alfred Jay Bollet	9:31
Queen Isabella as a Cause of Disease—Alfred Jay Bollet	11:31
New Foods and New Diseases—Alfred Jay Bollet	12:27

#### A Desk Reference Issue on Shock

The Syndrome of Shock—Robert M. Rogers	1:25
Shock—How to Recognize Its Early Stages and What to Do About It—D. Robert McCaffree	1:27
Cardiogenic Shock—Charles E. Rackley, Richard O. Russell, Jr., John A. Mantle and William J. Rogers	1:35
Septic Shock—John A. Mohr and R. Timothy Coussons	1:49
How to Select the Best Antibiotic for the Critically Ill Patient—R. Timothy Coussons	1:59
Medical Management of Shock: Drugs of Choice and Their Action—Thomas L. Whitsett	1:73
The Oliguric Patient—Solomon Papper	1:87
Respiratory Distress Subsequent to Shock—D. Robert McCaffree and Robert M. Rogers	1:95
Self-Assessment Questions on Shock	1:115
Assessment of Oxygen Transport in the Patient with Shock and Respiratory Failure—Richard J. Martin and Barry A. Gray	1:3s

#### Special Series on Endocrinology

Insulin Resistance in Diabetes: Pathogenesis and Treatment—Gerald M. Reaven	2:39
Obesity, An Update on the Treatment of—George Steiner	4:109

#### Special Series:

<b>Critical Care in Pediatrics</b>	
Near-Drowning—Robert S. Dobrin	8:33
Persistent Fetal Circulation—Dennis C. Stevens, Paul T. Werner and Richard L. Schreiner	5:75

#### Special Series on Current Issues and Advances in Psychiatry

Psychiatry and Medicine: Partners in Primary Care—Don R. Lipsitt	4:99
Psychological Problems of Physically Handicapped Children—Martin V. Hart	6:96
Clinical Application of Biofeedback—Richard A. Levy	9:64
Update on Depression—Eric Peselow and Samuel Gershon	11:82

#### Surgical Section

Anesthesia for Labor and Vaginal Delivery, A Guide to—Francis M. James III	4:89
Catheterization for Hyperalimentation, Sub-	

clavian Intravenous—Mokhtar Asadi and Murray H. Seltzer	8:53
Hand Anatomy Course, Do-It-Yourself—Michael Scheffan and Michael Kalisman	6:44
Kidney Transplant, Twenty-Fifth Anniversary of the	2:86
Metroplasty for the Septate Uterus and Reproductive Failure—Sanford M. Rosenberg	12:53
Musculocutaneous Flaps—M. J. Jurkiewicz and Jack Fisher	7:85
Nutritional Assessment & Support: Why, When, How?—Mitchell V. Kaminski, Jr. and Robert P. Ruggiero	3:94
Surgeons on Trial—Ann Ledakowich	5:70
Surgical Instruments? Can You Identify These Old—George A. Degenstein	9:97

#### Patient Education Charts

The Anatomy of the Heart—I	3:101s
The Anatomy of the Heart—II	3:102s
The Spleen	9:47
Anatomy of the Thyroid	5:95

#### Tax Tips—Andrew Brucker

A Landmark Decision Re: the \$3600 Exclusion	1:110
Inflation—How Bad Is It?	9:115
More on the 1979 Decision Re: the \$3600 Exclusion	12:49

#### Pearls from Previous Issues

Hyposthenuria in Postassium Deficiency	1:53s
Inhibition of Sodium Transport in Hypercalcemic Nephropathy	3:58
Evaluating the Type of Hypoglycemia	6:80

#### Hospital and Surgical Techniques

Tunneling Vascular Grafts—R. B. Swersky and J. Chang	5:67s
